Connecting all villages with roads

†272. SHRI MOTILAL VORA: Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) the State-wise details of villages in the country which are still devoid of inter-connecting roads;

(b) the steps being taken by Government to connect these villages with road;

(c) the number of villages targeted to be connected with the roads every year; and

(d) by when all the villages are likely to be connected with roads?

THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRIMATI SURYAKANTA PATIL): (a) to (b) The unit for coverage under PMGSY is 'habitation' and not 'village'. The primary objective of the PMGSY is to provide connectivity to all Unconnected Habitations in the rural areas with a population of more than 500 persons, through good All-weather roads. In respect of the Hill States (North-East, Sikkim, Himachal Pradesh, Jammu & Kashmir, Uttaranchal), Desert Areas and Tribal (Schedule-V) areas, the objective is to connect Habitations with a population of 250 persons and above. As per estimates, the number of Habitations eligible to be covered under PMGSY is about 1.70 lakh. State-wise break up is given in the Statement (*see* below). States are required to make proposals annually, on the basis of budget allocations. Achievement of the goal will depend on the year-to-year allocations.

Statement

State-wise Unconnected Habitations to be covered under PMGSY

Sl. No.	Name of State	Number of eligible habitation to be covered under PMGSY
1.	Andhra Pradesh	980
2.	Arunachal Pradesh	618
3.	Assam	13144
4.	Bihar*	17920
